## SEEK THE ADVICE OF A COMPETENT PROFESSIONAL TAX ADVISOR

Before receiving a distribution from the Deferred Option Plan (Plan B), we strongly encourage you to seek the advice of a competent professional tax advisor. Also, you can find more specific information on the tax treatment of payments from qualified retirement plans in IRS Publication 575, Pension and Annuity Income, and IRS Publication 590, Individual Retirement Arrangements. This notice summarizes only the federal (not the state or local) tax rules that might apply to your payment. The rules described are complex and contain many conditions and exceptions that are not discussed.

## ROLLOVERS

There are two ways to do a rollover. You can do either a *direct rollover* or a *60-day rollover*.

### DIRECT ROLLOVER

A *direct rollover* means the money is not paid to you, but instead is transferred directly by the Pension System: to another eligible employer plan; to a traditional IRA; or to a Roth IRA. Your distribution cannot be rolled over to a SIMPLE IRA or a Coverdell Education Savings Account (formerly known as an education IRA).

If you choose a direct rollover, your distribution will be paid: to an eligible employer plan; to your traditional IRA; or to a Roth IRA. You will not be taxed on the distribution at that time (except to the extent you roll over your distribution to a Roth IRA, in which case the taxable portion of the distribution is included in taxable income in the year of the distribution).

After-tax contributions may also be directly rolled over to: another eligible employer plan; a traditional IRA; or a Roth IRA. However, not all employer plans accept after-tax contributions. Be sure to check with the recipient plan prior to requesting the rollover of after-tax contributions.

### TAXATION OF ROLLOVER TO ROTH IRA

If you do a *direct rollover* or a *60-day rollover* of your distribution from Plan B to a Roth IRA, it is included in taxable income (other than the amount of your after-tax contributions) in the year of the direct rollover or the distribution to you, as applicable, but is not taxable when it is distributed from the Roth IRA, provided the Roth IRA requirements are satisfied.
