## **INDEPENDENT AUDITORS' REPORT**

Board of Trustees  
Oklahoma Firefighters Pension and Retirement System

### **Opinions**

We have audited the individual columns labeled "Employer Allocations" included in the accompanying Schedule of Employer Allocations and the Schedule of Pension Amounts by Participating Employer (the "Schedules") of the Oklahoma Firefighters Pension and Retirement Plan (the "Plan"), administered by the Oklahoma Firefighters Pension and Retirement System, which is a part of the State of Oklahoma financial reporting entity, as of and for the year ended June 30, 2025. We have also audited the total for all entities of the columns titled "Net Pension Liability," "Total Deferred Outflows of Resources," "Total Deferred Inflows of Resources," and "Total Employer Proportionate Share of Allocable Pension Plan Expense, Excluding that Attributable to Employer-Paid Member Contributions and Employer-Specific Amounts" (specified column totals) included in the accompanying Schedules of the Plan as of and for the year ended June 30, 2025, and the related notes to the Schedules.

In our opinion, the Schedules referred to above present fairly, in all material respects, the employer allocations and the net pension liability, the total deferred outflows of resources, the total deferred inflows of resources, and the total employer proportionate share of allocable pension plan expense, excluding that attributable to employer-paid member contributions and employer-specific amounts, for the total of all participating entities for the Plan as of and for the year ended June 30, 2025, in accordance with accounting principles generally accepted in the United States.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Schedules section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Other Matter**

We have audited, in accordance with auditing standards generally accepted in the United States, the financial statements of the Plan as of and for the year ended June 30, 2025, and our report thereon, dated October 16, 2025, expressed an unmodified opinion on those financial statements.

(Continued)

## **INDEPENDENT AUDITORS' REPORT, CONTINUED**

### **Responsibilities of Management for the Schedules**

Management is responsible for the preparation and fair presentation of these Schedules in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of schedules that are free from material misstatement, whether due to fraud or error.

In preparing the Schedules, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months beyond the date of the Schedules, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditors' Responsibilities for the Audit of the Schedules**

Our objectives are to obtain reasonable assurance about whether the amounts and disclosures in the individual columns labeled "Employer Allocations" and the specified column totals included in the Schedules are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Schedules.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Schedules, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Schedules.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Schedules.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

(Continued)

**INDEPENDENT AUDITORS' REPORT, CONTINUED**

**Restriction on Use**

Our report is intended solely for the information and use of the Plan's management, the Plan's Board of Trustees, and contributing employers and their auditors as of and for the year ended June 30, 2025, and is not intended to be and should not be used by anyone other than these specified parties.

**(1) SYSTEM STRUCTURE AND OPERATIONS**

The Oklahoma Firefighters Pension and Retirement System (the “System”) was established by legislative act and became effective on January 1, 1981. The System assumed responsibility for all previous existing municipal firefighters’ pension plans in the state of Oklahoma. These municipalities transferred all existing pension assets and pension payment obligations to the System. The System recorded the investments at fair value as of the date of transfer. The System is administered by a 13-member board which acts as a fiduciary for investment of funds and the application of plan interpretations. At June 30, 2025, there were 472 cities, 28 fire protection districts, and 136 county fire departments participating in the System. For report purposes, the System is deemed to be the administrator of the Oklahoma Firefighters Pension and Retirement Plan (the “Plan”). The State of Oklahoma (the “State”) remits, through the Oklahoma Insurance Department, a portion of the insurance premium taxes collected by authority of the State. As a result of these contributions, the State is considered a non-employer contributing entity to the Plan.

The System is a part of the State financial reporting entity, which is combined with other similar funds (multiple-employer, cost-sharing) to comprise the fiduciary pension trust funds of the State.

The Oklahoma Firefighters Pension and Retirement System Board of Trustees (the “Board”) is responsible for the operation, administration, and management of the System. The Board also determines the general investment policy of the System’s assets. The Board is comprised of 13 members. Five members shall be the Board of Trustees of the Oklahoma State Firefighters Association, a 5-year term. One member shall be the President of the Professional Firefighters of Oklahoma or his designee. One member shall be the President of the Oklahoma State Retired Firefighters Association or his designee. One member shall be appointed by the Speaker of the House of Representatives, a 4-year term. One member shall be appointed by the President Pro Tempore of the Senate, a 4-year term. Two members shall be appointed by the President of the Oklahoma Municipal League, a 4-year term. One member shall be the State Insurance Commissioner or his designee. One member shall be the Director of the Office of Management and Enterprise Services or his designee.

This report was prepared to provide participating employers with additional information needed to comply with the financial reporting requirements promulgated under Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27* (GASB 68). The System’s annual financial statements, located at <http://www.ok.gov/fprs/>, contain additional information not included within the scope of this report. Participating employers will need to reference this report and the System’s financial statements to fully comply with the disclosure requirements of GASB 68.

See Independent Auditors’ Report.

**Administered by**  
**OKLAHOMA FIREFIGHTERS PENSION AND RETIREMENT SYSTEM**

**NOTES TO SCHEDULES OF EMPLOYER ALLOCATIONS AND  
PENSION AMOUNTS BY PARTICIPATING EMPLOYER, CONTINUED**

---

**(1) SYSTEM STRUCTURE AND OPERATIONS, CONTINUED**

As interpreted through GASB 68, the State is considered a non-employer contributing entity. The State contributes a portion of the insurance premium tax collected through its taxing authority. Presently, this contribution is 37.8% of insurance premium tax collected by the State. For the fiscal year ended June 30, 2025, the State's contribution to the System totaled \$142,726,998. As a non-employer contributing entity, no portion of the net pension liability has been allocated to the State. Generally, participating employers should multiply this amount by their calculated proportionate share to determine the amount of revenue to recognize related to pensions for fiscal year 2025.

This report provides specific detailed information and should be utilized by the System's participating employers to assist with the preparation of their financial statements. Data provided in this report is limited in time, nature, and scope and does not provide complete financial information related to the System or its participating employers.

**(2) ESTIMATES, CONSIDERATION OF VOLATILITY, AND KEY DATES**

The Schedule of Employer Allocations and the Schedule of Pension Amounts by Participating Employer (the "Schedules") include the use of significant estimates where required. Due to the long-term nature of defined-benefit pension plans, certain amounts, including the net pension liability, are based on actuarial mathematical models and estimates that project future expectations. These Schedules provide results for a specific point in time, and changes in estimates, investment performance, and future cost expectations can have a material impact on the information presented from one year to the next.

Where calculations have been made to provide a proportionate share for all employers, proportion calculations are presented to 6 significant digits. Consequently, certain column totals and amounts derived from an employer's proportion, as well as any manual calculations using the determined proportion and a collective amount will produce results that immaterially differ from the presented totals.

*Measurement Date and Valuation Date*—The System has an annual actuarial valuation that coincides with its fiscal year end. The measurement date and valuation date covered by this valuation is June 30, 2025. The System's actuarial report is dated July 1, 2025.

*Expected Remaining Service Life of Members*—Certain deferred inflow and deferred outflow calculations require amortization over the remaining service life of the System's members, including retirees. For the fiscal year ended June 30, 2025, the membership's remaining service life was 4.51 years.

See Independent Auditors' Report.

**OKLAHOMA FIREFIGHTERS PENSION AND RETIREMENT PLAN**  
**Administered by**  
**OKLAHOMA FIREFIGHTERS PENSION AND RETIREMENT SYSTEM**

**NOTES TO SCHEDULES OF EMPLOYER ALLOCATIONS AND  
PENSION AMOUNTS BY PARTICIPATING EMPLOYER, CONTINUED**

---

**(3) BASIS FOR DETERMINING COMPONENTS OF THE SCHEDULES**

GASB 68 requires participating employers in the Plan to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective pension expense, excluding that attributable to employer-paid member contributions and employer-specific amounts. The employer allocation percentages presented in the Schedules are based on the ratio of the contributions as an individual employer to total contributions to the Plan during the years ended June 30, 2025 and 2024. Due to the effects of rounding for presentation purposes, certain column totals and certain amounts in allocated columns and direct calculations of allocation amounts result in immaterial differences.

**Employer Allocations**

*Employer Contributions*

Employer contributions represent each participating employer's actual contributions to the Plan for the fiscal year. Contributions are calculated on a cash basis and only include actual payments received between July 1, 2024, and June 30, 2025.

*Employer Allocation Percentage*

The employer allocation percentage represents the portion of each individual employer's actual cash basis contributions received for the fiscal year divided by the total of all employer contributions for the fiscal year. This percentage represents each employer's proportionate share of the pension amounts presented in the Schedules.

**2025 Percentage Change in Proportion** shows the difference between each employer's proportion determined for fiscal year 2025 and that of fiscal year 2024.

**Employer Change in Proportion of June 30, 2024, Net Pension Liability** represents each employer's increase or decrease in proportionate share of the net pension liability calculated for fiscal year 2024.

**Employer Change in Proportion of June 30, 2024, Deferred Inflows** represents each employer's increase or decrease in proportionate share of the deferred inflows determined in fiscal year 2024.

**Employer Change in Proportion of June 30, 2024, Deferred Outflows** represents each employer's increase or decrease in proportionate share of the deferred outflows determined in fiscal year 2024.

See Independent Auditors' Report.

**(3) BASIS FOR DETERMINING COMPONENTS OF THE SCHEDULES, CONTINUED**

**Total Change in Proportionate Share of June 30, 2024, Net Pension Liability and Deferred Inflows and Outflows** shows the combined total of proportionate share changes for each employer for fiscal year 2024, to be amortized as part of pension expense commencing in 2025. This change in proportion is then amortized over the remaining service life of the System’s members, with the remaining unamortized balance presented as either a deferred inflow or a deferred outflow due to changes in proportion. The Schedule of Employer Allocations presents proportionate change totals only for the year ended June 30, 2025. **Prior year proportionate changes are not included in these totals.**

**Net Pension Liability**

The total pension liability was calculated using a discount rate of 7.5%. For the fiscal year ended June 30, 2025, the System had a net pension liability of \$1,089,714,044 to be allocated proportionately among participating employers. The System’s net pension liability at June 30, 2025, was calculated as follows:

Total pension liability	\$ 4,786,046,089
Plan fiduciary net position	<u>3,696,332,045</u>
Employer' net pension liability	<u>\$ 1,089,714,044</u>
Plan fiduciary net position as a percentage of the total pension liability	<u>77.23%</u>

A net pension liability sensitivity comparison shows how a 1% change (both lower and higher) in the discount rate would affect the net pension liability. The following table presents the System’s net pension liability for the current discount rate of 7.5%, as well as what it would be using a discount rate 1% lower (6.5%) and 1% higher (8.5%).

	1% Decrease in Discount Rate <u>(6.5%)</u>	Current Discount Rate <u>(7.5%)</u>	1% Increase in Discount Rate <u>(8.5%)</u>
Employers' net pension liability	<u>\$ 1,526,707,362</u>	<u>1,089,714,044</u>	<u>724,847,453</u>

The Schedules present the net pension liability at the current discount rate.

**(3) BASIS FOR DETERMINING COMPONENTS OF THE SCHEDULES, CONTINUED**

**Deferred Inflows and Outflows of Resources**

Certain differences that occur from year to year in the calculation of the net pension liability and the net pension expense require amortization and recognition in future years. The following types of differences can result in a deferred outflow or deferred inflow of resources. Due to the variability of results that will affect the Plan, deferred inflows and outflows may vary significantly between years. Additionally, certain deferrals may have both inflow and outflow components that are amortized over future years.

*Differences between Expected and Actual Plan Experience*

This difference occurs when the System's actuarial estimate of the Plan's experience costs for a given period differ from the actual experience costs. This is usually the result of differences in the make-up of retirees, the dates chosen to retire, the longevity of System's members, or other similar demographic factors. The most recent actuarial experience study for the System was for the 5-year period from July 1, 2018, to June 30, 2023. Actuarial experience studies are performed every 5 years. For the fiscal year ended June 30, 2025, the System experienced a gain over expected experience, resulting in a system-wide deferred outflow for plan experience of \$39,943,694. System-wide deferred inflows and outflows that result from plan experience differences are divided by the expected remaining service life of its members, which was calculated as of the beginning of the measurement date to be 4.51 years, and amortized over that period, with the current year amount included in the determination of pension expense. For fiscal year 2025, \$8,856,695 was included as a component of the calculation for pension expense, with the remaining balance of \$31,086,999 recognized as a deferred outflow. Each employer's proportionate share was multiplied by this amount to determine the remaining balance of deferred outflows attributable to plan experience differences for fiscal year 2025.

**Deferred Inflows and Outflows of Resources, Continued**

*Net Difference between Projected and Actual Plan Investment Earnings*

Each annual actuarial valuation estimates the expected return for the Plan. Net differences between this estimate and the actual investment earnings for a given year are included as either a deferred inflow when actual investment earnings exceed the estimate or a deferred outflow when actual investment earnings are less than the estimate. This difference is then amortized over a fixed 5-year period for each unique fiscal year. For fiscal year 2025, the System's estimated investment return was \$248,298,080. Actual investment earnings for fiscal year 2025 were \$452,266,466, which were greater than the expected return by \$203,968,386. This amount is amortized over 5 years, resulting in \$40,793,677 used as a component of pension expense for fiscal year 2025, with the remaining balance of \$163,174,709 to be amortized over the next 4 years as a deferred inflow. These are collective plan amounts and are multiplied by each employer's proportionate share to determine each employer's allocation of this amount.

*Changes in Assumptions*

On occasion, as the result of an experience study or other actuarial considerations, certain assumptions used for estimates may need to be changed. When this occurs, the Plan will generally experience an increase or a decrease in either deferred inflows or deferred outflows. For the fiscal year ended June 30, 2025, there were no changes in assumptions regarding the determination of the Plan's liabilities.

*Changes in Proportion and Differences between Employer Contributions and  
Proportionate Share of Contributions*

A change in an employer's proportion can occur due to changes in the membership of participating employers, new employers joining the System, or other factors affecting the contributions of a participating employer in relation to all participating employers. When a change in proportion occurs, the participating employer will experience an increase or decrease in either deferred inflows or outflows during the period the change occurs, with an offsetting effect on pension expense. The Schedule of Employer Allocations by Participating Employer presents this change in proportion between the periods ended June 30, 2024, and June 30, 2025. Proportionate changes are then multiplied by the June 30, 2024, net pension liability, deferred outflows, and deferred inflows to determine the net effect of a change in proportion of each employer's pension expense for the current year, as well as remaining deferred inflows or deferred outflows to be amortized over future periods.

**(3) BASIS FOR DETERMINING COMPONENTS OF THE SCHEDULES, CONTINUED**

**Pension Expense**

*Proportionate Share of Net Pension Plan Expense*

Under GASB 68, participating employers in cost-sharing, defined-benefit pension plans no longer expense actual contributions made to the plan. Accounting principles generally accepted in the United States require that the pension expense recognized by participating employers in a given year consider their proportionate share of all plan components, not just payments into the plan. For the fiscal year ended June 30, 2025, the Plan’s collective pension expense allocated to all participating employers was \$149,460,372. This amount as of June 30, 2025, was calculated as follows:

Service cost	\$ 75,644,961
Interest on total pension liability	343,954,411
Changes in benefit terms	-
Expensed portion of differences between expected and actual experience	86,007,619
Changes in assumptions	13,117,360
Employee contributions	(37,811,445)
Projected earnings on pension plan investments	(248,298,080)
Differences between projected and actual earnings on plan investments	(86,092,420)
Pension plan administrative expense	2,937,966
Other changes in fiduciary net position	<u>-</u>
 Total Plan (collective) pension expense	 <u><u>\$ 149,460,372</u></u>

The collective pension expense is then allocated on each employer’s unique proportion. The differences between expected and actual experience and the differences between projected and actual earnings on plan investments represent only the current year’s portion of amortization to pension expense. The remaining unamortized balances of these differences are presented in their respective columns in the Schedule of Pension Amounts by Participating Employer.

**(4) CHANGES IN NET PENSION LIABILITY**

A summary of the changes in net pension liability for the year ended June 30, 2025, is as follows:

	Increase (Decrease) in Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a)-(b)
Balances at June 30, 2024	\$ 4,694,324,677	3,377,216,557	1,317,108,120
Changes for the year:			
Service cost	75,644,961	-	75,644,961
Interest	343,954,411	-	343,954,411
Changes in assumptions	-	-	-
Changes in benefit terms	-	-	-
Difference between expected and actual experience	39,943,694	-	39,943,694
Contributions—employer/municipalities	-	57,070,199	(57,070,199)
Contributions—State of Oklahoma, a non-employer contributing entity	-	142,726,998	(142,726,998)
Contributions—employee	-	37,811,445	(37,811,445)
Net investment income (loss)	-	452,266,466	(452,266,466)
Benefit payments, including refunds	(367,821,654)	(367,821,654)	-
Administrative expense	-	(2,937,966)	2,937,966
Other changes	-	-	-
Balances at June 30, 2025	<u>\$ 4,786,046,089</u>	<u>3,696,332,045</u>	<u>1,089,714,044</u>

PENSION AMOUNTS BY PARTICIPATING EMPLOYER, CONTINUED**

---

**(5) EMPLOYER-PAID MEMBER CONTRIBUTIONS**

Due to the nature of the Plan, plan management is not aware of employer-paid member contributions. As such, each employer should determine the effect, if applicable, such employer-paid contributions will have on its pension expense and deferred inflows/outflows.

The Schedules also do not consider any other employer contributions that have not been received by the Plan in the plan year ended June 30, 2025.

**(6) COUNTY FIRE DEPARTMENTS**

Included in the Schedules are county fire departments. While the amount contributed is presented as one entity, it is actually made-up of numerous county fire departments for which the Oklahoma Department of Agriculture provides funding.

**(7) CONTRIBUTIONS DURING THE MEASUREMENT PERIOD**

GASB 68 states that for contributions to the pension plan, other than those to separately finance specific liabilities of an individual employer or nonemployer contributing entity to the pension plan, the difference during the measurement period between both of the following should be recognized in the employer's pension expense, beginning in the current reporting period, using a systematic and rational method over a closed period:

- (a) The total amount of such contributions from the employer (and amounts associated with the employer from nonemployer contributing entities that are not in a special funding situation).
- (b) The amount of the employer's proportionate share of the total of such contributions from all employers and all nonemployer contributing entities.

These are items that each individual employer should consider in its pension expense, as they are not considered in the Schedules.

See Independent Auditors' Report.
